2nd VP REPORT: Jack Crouse reported that the portfolio is coming along real good and that there is a good bit of material being sent to him. Jack also stated that the Local Chapters should be submitting the projects to the State Chapter as well as keeping a part for their own chapter. All projects should be forwarded to Jack for the port. even if they do not count for point in the National judging. Ron Fretts noted that Hecla sent to Jack a summary of there Locals work last year and this report reflected any points that would be counted in the judging.

TREASURERS REPORT: Robert Meyer was unable to attend the meeting but he did submit a report that reflected the expenses and income from March 17, 1981 to May 30, 1981 Report as per the inclosed.

SECRETARYS REPORT: The National Rifle Ass. Club renewal came up and was renewed for three years at a savings of \$30.00 to the State Chapter. The question of renewal procedures to gain the reduced rate of \$13.00 NRA dues was discussed. The procedure as per a letter to all Officers and Directors dated March 3, 1980 are as follows. (The affiliate number is Z0020 * When this number is put on the NRA membership application (NRA Club Affiliate # Z0020) this will provide the applicant with the reduced fee. This number is to be used only on applications of members that are in good standing in this organization. If you have any problem with the NRA on this procedure you would be advised to call the NRA's toll free number and talk to those people and discuss any problems with them. It was suggested that a block on a page in Turkey Talk be reserved to let the members know that we have this reduced rate available to them. (each issue)

MEMBERSHIP SECRETARYS REPORT: Don Heckman gave a very complete report on the rate of renewals on the National level and with the states subscription members. The report reflected the number of changes that was made on the computer listing and hours expended to complet his work. Don is pleased with the work and services that MASCO is giving the state chapter. All mailing lables are being sent to the James Wilhelm Chapter since they have taken upon the project of mailing TT. There is also a concern that our renewal of National members is decreasing. This problem should be addresses and solved National belives that a renewal rate of 72-75% to be good but we should strive for a higher rate of renewal Motion made NOT to send out the \$3.00 subscription renewal notices and let those members who have renewals due renew at the \$12.00 rate when they receive notice from National/thus eliminating the subscription membership. Made by Jack Crouse 2nd Terry Hyde APPROVED cut off date for the subscribing members will be 12-31-81 The renewal forms in TT are to reflect this change and any hand outs that have the \$3.00 rate indicated in them be either marked out or reflect the \$12.00 fee. The question of the Nationals \$10.00 was brought up and it was suggested that we check with National to see just when this offer will be terminated. Another question was brought up and that was what is National doing or going to do to help improve the renewal rate here in PA and promote membership. Payment of the membership Secretary was finalized Motion made by Ron Sandurs to pay Don Heckman \$2.50 per hr. for his services from Mar. 21, 1980 to Mar. 20, 1981 @ a total of 297 hours. total \$742.50 Payment schedule for the future Nation made by Jim Hess that the membership secretary be paid 1% of the total membership per mo. and can be submitted quarterly. 2nd Terry Hyde
