

Conditions of Acceptance Form

Conservation Seed Program

THIS IS AN ACKNOWLEDGEMENT OF SPECIAL
CONDITIONS FOR THE ACCEPTANCE, USE AND
DISPOSAL OF SEED FOR
CONSERVATION USE ONLY

I understand that the seed I receive **is intended for wildlife plantings only**. *I agree that I have no intent of acquiring genetic material and that acceptance of this seed does not give any rights to use the genetics contained within the seed or grain or any plant or plant parts, pollen or seed produced therefrom for breeding, research or seed production purposes or for any other purpose whatsoever, other than use in wildlife plantings.*

I understand that misuse of this seed may subject me to legal action under U.S. Patent Laws and/or the Plant Variety Protection Act. This seed will not be used for commercial harvest. I also agree to leave the grain crop standing for wildlife food.

I understand that the seed I receive may be slightly below standard in germination and that I will hold no claims through the use of the product.

If I am unable to plant all of the seed, I agree to make the surplus available to other landowners **who have this same agreement for the purpose of wildlife food plots** or to dispose of the seed in an acceptable, safe manner. I understand that this seed has been chemically treated and **under no conditions will this seed be used for direct food for livestock or wildlife.**

I also understand that a violation of this agreement may result in this organization and/or all organizations in this state permanently losing the right to distribute seed under this program.

CAUTION: The seed is a biological product. Improper storage can result in damage to the seed. Try to avoid high temperatures and moisture. In meeting pesticide standards, seed should not be stored near any food products.

**Complete information on reverse side of this notice
prior to picking up seed.**

Are you planting all the seed you are picking up? _____ Yes _____ No

If no, then you understand you are to take copies of this form with you to have anyone you distribute seed to, sign form agreeing to the proper use of seed. You will be responsible for returning documentation to the chapter contact person. Should you not be able to produce documentation showing where you have distributed seed, you will be held responsible for any seed you picked up.

Use separate form for each person that receives and plants seed

Print clearly the information of person **planting seed**:

Name	Daytime Phone	
Address	Email	
City	State	Zip

Indicate number of bags:

90 Day Corn		120 Day Corn	
	Sorghum	Alfalfa	
	Wheat	Sunflower	

Name of person picking up seed PRINT CLEARLY
