*Tribune Direct will not begin work until this estimate is signed by the client

For Internal Use only

This estimate is valid for 30 business days, afterward, Tribune Direct reserves the right to provide a new estimate. Any change to the quantity, mailpiece characteristics or turnaround time will result in re-estimating of the job. Adequate postage MUST be supplied or deposited at the USPS before prepared mail will be delivered to the USPS. Tribune Direct is responsible for notifying the client of postage amounts and will make every attempt to notify the client as soon as possible. Should a client request a postage estimate, Tribune Direct will not be responsible for actual postage costs above what was estimated. Postage is ultimately determined by the USPS. Due to the number of outside influences, Tribune Direct will not be responsible for rate of return unless a specific error on their part is proven. Should an error be made by a Tribune Direct representative, that liability will not exceed the the amount of the services rendered.

Tribune Direct is not responsible for the accuracy of mailing lists they provide. We do make every effort to qualify the compilers and vendors that supply us with mailing lists. Tribune Direct is not responsible for USPS delivery times. We will make every effort to inform the client of typical delivery times based on our experience.
