

Pa State Board Meeting Report
Regional Field Supervisor
Ray Smith
June 5th, 2010

As many of you know banquet season has come to a slow crawl with the fiscal year ending August 31st. Many changes continue to affect our way of operation on the Pa staff's day to day operations. Please find below some of the highlights since the last state board meeting.

1. I am happy to report that Pennsylvania continues to meet budget as a whole.
2. Pennsylvania is no longer part of the North East Region. We are now in the Mid Atlantic.
3. We now answer to a new DFO Bobby Marshall. The Retirement of a DFO has increased responsibilities for other DFO's due to the position not being filled by a new hire
4. A new Joint effort with the PGC has developed a WITO position in Pa. The new Hire is Jeffrey Souders. His first date of employment is June 14th. He will be reporting to me. I brought is resume along for review.
5. The Rd's have been very busy with Project TOM and budgeting. It's a whole new way of doing business for us.
6. Outreach Contribution Fund- Jim and myself have talked briefly about its balance and how it is to be used. Guidelines have been given to use but need to be reviewed by all and determine how to be used and what to fund
7. The States Presidents meeting has been set with plans underway for the last weekend of July. Carl will give details to the board and more info will soon follow to all chapters.
