

# Habitat Committee Meeting Report

## February 13<sup>th</sup> 2011

NWTF Staff Present: Carl Mowery, Bob Eriksen

PGC Staff Present: Mary Jo

PA NWTF Chapter Present: McCartney, Motts, Butler, Richards, Johnson, Ferdinand

Habitat Committee met to review and approve 2011 habitat projects.

72 Projects were reviewed and 70 projects were funded to some level. The total request received was \$133,370.29 and the total amount funded was \$99,272.50. Part of the meeting discussion was trying to understand while approving these projects what matching dollars may be out there.

I believe that we need to try and create a system to put these projects into that would help us identify the best possible projects. The criteria will be based on several factors, acres involved, the organizer/owner of the project, is there matching or could there be matching funds etc. This will be discussed at the March BOD's meeting.
