

Promotions Committee Report
Board of Directors Meeting
March 06, 2011

1. Have acquired pricing on shirts with new logo and set up fees from two different vendors. One vendor can do screen printing also, but there will be a min. amount of product in order to do screen printing. I will have more detail info at the meeting.
2. Russ Wagner is offering to provide laser engraved products with the PA State Chapter Logo to the State Chapter at wholesale cost. The State Chapter can order a certain amount of product for events or have our members place orders through the promotions committee and we can send orders to Russ to be completed then the order can be shipped back to us for delivery or shipped directly to the customer. This way we do not have to keep an inventory only for our events. Russ will be bringing samples of the product to the meeting.
