

Internet/Homepage Committee Report  
August 2012 Board Meeting

1. Need pictures of your nwtf events and info on the success of these events. The website has been idle for some time; we need info from your chapters on your outreach events and special events to get them on the website to inspire other chapter to host like events.
2. Need board approval to create an acceptance checklist, terms and conditions agreement, and a set up/tear down guide for the Jakes Takes Aim Trailer. It has been brought to my attention that on a couple of occasions that items and equipment has not been taken care of when packing up the trailer. In order to maintain the equipment and the trailer itself, the above documents is a must and will need to be put on the quick links under the jakes trailer link so any chapter wanting to use the trailer will have to agree to certain terms and agreements that will be examined and approved by the board.
3. Please check over the website and if you see anything wrong, please let me know, so I can take care of it.
