

Artwork Committee Report.

I have reached out to Ken Fernberg looking for information and guidance on the workings of this committee.

Specifically, I am trying to find out if there is an inventory remaining and where it might be. Are we supposed to be performing any current duties such as acquiring inventory or Researching items, etc. Any information from anyone regarding the duties and responsibilities of this committee would be greatly appreciated.

As far as actual work on this subject I have nothing to report at this time.
