

Outreach Report
Leslie Smith
NWTF PA Outreach Coordinator
March 2013

- One event was held in February for the Lakefront Gobblers Chapter at Chapman State Park. Thank you to the Chapter and the Volunteers. Ladies had an opportunity to experience winter sports like cross country skiing, winter bird id, turkey 101 and Archery.
- Currently, there are 16 events scheduled. There are two events that are currently pending for confirmation and chapter affiliation. The goal is to add an additional 6 events to this year.
- The PA Chapter State WITO event is off and running to an excellent start, 42 ladies are signed up and we are nearing our goal of 50 ladies. I would like to thank Trina for working so diligently and passionately on this event.
- The Blue Mountain Chapter WITO event has hit the mail, the date for this year is April 20th.
- I traveled to Nashville for the NWTF National Convention in February.
- The Lehigh Valley Outreach Gun Blast is off the ground. We have participants already up along with advertisers. Our goal is 100 in attendance.
- A new event that has been added is the May 19th event hosted by the Arnie Hayden Chapter. The event will be held in Tioga County at the US Army Corps of Engineers State Park.
- I attended the Blue Mountain Chapter Banquet at their request.
- I attended the PGC meeting with Bob Eriksen and Skipp Motts.
- I participated with the Michaux Yellow Breeches booth at Bass Pro Shops in Harrisburg in lieu of the Outdoor Expo.
- With my goal to bring the local Chapters to work with the Outreach Committees for their events is showing great progress and more interest from the Chapters. Making this connection will benefit each event, not only by driving up participation but will help in overall fundraising.
- 1000 brochures for Jakes/X treme Jakes will be handed out at the PGC NASP event. Those brochures were dropped off by me in Harrisburg.
- Did a radio interview with Doyle Dietz promoting Outreach in the State of Pennsylvania.
- Emailed Outreach members of the State Board to remind them about the LL Bean Project that will benefit Pennsylvania. We need to get a game plan on the step forward.
- Received 10,000 Jakes Brochures to be handed out at Hunter Education classes.
- Requested an email blast from Joe Drolet to all Chapter Presidents in regards to getting the Jakes Brochures distributed to the Hunting-Trapping Education Classes across the state.
- Helped Reading Ridge Runners Chapter start a first time Jakes event in their area.
