Subject: FW: PA-NWTF Target ID Signs

Hi Scott!

If you recall from our meeting with the PA-NWTF on June 2nd, we were directed by Carl Roe to re-print signs originally produced by the state chapter for posting on SGL parking lots. This was a project that we originally participated in about 8 years ago. A copy of the updated sign is attached for your reference.

As per the below email, a regional breakdown for the PA-NWTF signs was offered by Gary in your absence this morning. At your earliest convenience, would you notify the regional land management staff that these signs will be coming and request they post the signs in prominent locations in SGL parking lots around the state prior to the fall hunting seasons. The state chapter is considering producing more signs for the future, but this is all they authorized payment for at the present time.  
THANKS!
